

**established worldwide crew leasing and aviation consultancy,
specialising in international interim supply**

Flight Crew Leasing

Aviation Personnel Consulting

Interim Supply

Crew Leasing

Contractair focuses on the supply of flight deck, cabin crew and training staff to supplement an airline's own operations, including:

- **Fleet Expansion & Replacement**
- **Conversion Training**
- **Seasonal Operations**
- **Periods of Market Change Where Extra Flexibility is Required**
- **Ferry Flight Crew**

Our flight crews are all qualified, experienced and current on the aircraft that you need thus minimising costs. We are able to provide crew at short notice and position them anywhere in the world as required.

Our expertise in subcontracting crew provides:

- Offshore Options to Minimise Costs
- Extensive Track Record in Flight Crew and MRO Personnel Payroll
- Experience in Handling Large Scale and Diverse Projects
- Full Client Operational Control over Crew
- Minimal Administration Hassle

Aviation Personnel Consulting

Using our extensive contact base we are able to offer valuable advice on:

- Type Ratings and Training Issues
- Crew Outsourcing
- Cross Border Licensing Issues and Foreign Validation
- Availability of Crew from Overseas Carriers
- Initial Testing, Screening and Psychometric Evaluation

Interim Supply

An interim license allows Contractair to supply personnel as a UK based company and to operate within the legal framework of another European country whilst at all times adhering to EU legislation. Contractair is one of the few agencies to hold labour licenses in Germany, Switzerland and Belgium.

Contractair Ltd is one of the World's Leading Established Flight-Crew Leasing Companies.

Specialising primarily in flight deck crew placements, but also offering the services of cabin crew, ACMI leasing, aviation consultancy and ferry & positioning flight services.

Working together with airline companies world-wide both for commercial and VIP operators.

Contractair is part of an aviation group that includes Resource Group, Resource Consulting and Lufthansa Resource Technical Training.

Contractair Ltd is an accredited Investor in People (IIP) company and an accredited ISO 9001 company.

Our Values:

- ***Industry Expertise***
- ***Quality***
- ***Honesty & Integrity***
- ***Transparency***
- ***Compliance***

Ferry & Positioning Flight Services:

Contractair

comprehensive all inclusive worldwide ferry and aircraft delivery service

Flight Crew

Ground Control

OneCall

The Contractair OneCall offering provides ferry & positioning flight services to leasing companies.

Our comprehensive ferry flight package includes:

- Provision of Flight Crew
- Fuel & Ground Control Operational Support
- Landing Permissions
- Navigational Charges
- Overflight and Landing permissions
- Full Flight Planning
- Crew Fees, Expenses & Airfares
- 24 hour Flight watch with ATC
- Arrangement of Aircraft Parking and/or Long & Short Term Storage

Furthermore you may just wish to use our payroll service, which could eliminate many of your own overheads.

Our One Call service is available 24 hours a day, 7 days a week, giving you the peace of mind, in knowing that we are there to react quickly to your needs at any time.

OneCall product focuses on providing a comprehensive package incorporating all aspects of the process required to move an aircraft.

Contractair are able to tailor our services to your requirements, from a Comprehensive ferry/delivery package to simply providing flight crew from our extensive base of current crews.

All crews have either ICAO, JAA or FAA licenses, covering a variety of aircraft types. We are also able to facilitate license validations where necessary.
